

Quantity Surveyor

The Role:

The Quantity Surveyor will provide commercial support to project teams, maintaining commercial information and ensuring compliance with contractual requirements and the Company's 'Three Pillar' objectives. They will liaise with customer representatives and other third parties on commercial issues including agreement of variations, claims and any additional payments.

Key Responsibilities:

Reporting

- Ensure robust, accurate and timely cost and value reporting at both project and business unit level
- Ensure accurate cash flow reporting takes place
- Carry out cost management including forecasting
- Update the monthly CVR, cost and commercial plans

Processes

- Help ensure that internal commercial processes are adhered to across the business unit
- Actively seek to improve processes and procedures
- Hold a good understanding of the processes and procedures used by any JV/Alliance that we are working within, and assist in their development and improvement

External relationships

- Help ensure that any main contracts entered into have terms and conditions that are appropriate for Barhale, with commercial risks identified
- Ensure that the supply chain is engaged appropriately with the correct contract terms and conditions
- Build and maintain good client relationships
- Be responsible for subcontract letting, negotiation and financial accounting
- Prepare applications for payment
- Liaise with the client, client representatives and other third parties on commercial issues, including agreement of variations, claims and additional payments

Internal relationships

- Contribute towards effective interaction between the Commercial Team and the operational site teams
- Work with site management to forecast predicted spend and cash recovery and ensure that both are kept in line with the target
- Share best practices with others and be proactive in advising site teams on costs and management of them

come and work with us

About Barhale:

Barhale is one of the largest privately owned civil engineering and infrastructure specialists with 40 years of experience working UK-wide across the water, transport, built environment and energy sectors. Founded by our Chairman, Dennis Curran in 1980, the group was originally set up as a specialist tunnelling contractor. Whilst we retain our tunnelling roots, repeated success in several sectors of the construction industry has enabled us to expand our skillset and become one of the largest privately owned infrastructure specialists in the UK.

What we do

We provide design, construction and maintenance services to the following sectors;

- Water
- Transport
- Energy
- Built Environment

We also possess a range of specialist skills to support our civil engineering and infrastructure activities including

- Tunnelling
- MEICA capabilities
- In-house design
- A steel-fabrication and supply subsidiary (BCS Group)

Who we are

Barhale operates as a tier 1 partner for blue chip, regulated and private clients. We work as part of large frameworks, joint ventures and alliances, as well as on individual projects developing long-standing relationships based on Trust, Integrity and Pride.

Our People

We employ a direct workforce of over 800 employees nationwide. We recognise that our business is only as good as the people we employ, which is why we value them so highly and invest in regular training and development, utilising our dedicated training facility in Walsall.

How to apply:

careers@barhale.co.uk

We are an equal opportunities employer. We are determined that no job applicant or employee receives less favourable treatment on the grounds of sex, pregnancy or maternity, gender re-assignment, sexual orientation, religion or belief, marriage or civil partnership, age, race or disability. All information will remain confidential to Barhale and will be handled in accordance with the requirements of the Data Protection Act.
